

**REPRESENTING PREMIER MANUFACTURERS SINCE 1985**

<div>Solution Partner</div> <div>Building Technologies</div> <div>SIEMENS</div>	<ul style="list-style-type: none"> <li>• <b>DESIGO OPTIC and DESIGO CC</b></li> <li>• <b>Open Building Automation Software</b> enables integrators to work with multiple system protocols from a single, easy-to-use front end. Upgrade your building to the latest IoT technology and system protocols and improve your building efficiency</li> <li>• Best-in-class user interface from a global leader in building automation</li> <li>• Non-proprietary, completely expandable to include HVAC, lighting, security, life safety</li> <li>• DESIGO DXR BACnet and PXC modular controllers for high-performing building operation</li> </ul>	<ul style="list-style-type: none"> <li>• Non-proprietary, completely expandable to include HVAC, lighting, security, life safety</li> <li>• Deliver comfort, safety and energy efficiency with a global leader</li> <li>• Optimize efficiency and comfort with a completely open building management system that makes integration easier and faster</li> <li>• Actuators and valves</li> <li>• Variable frequency drives</li> <li>• Power meters</li> </ul>
<div>Solution Partner</div> <div>Building Technologies</div> <div>SIEMENS</div>	<ul style="list-style-type: none"> <li>• <b>GAMMA/KNX Lighting Controls</b></li> <li>• Integrated Lighting Controls</li> <li>• Improve budgets and occupant comfort</li> <li>• Seamlessly integrate with Siemens BAS or other open system platforms</li> <li>• Distributed control architecture</li> <li>• Daylight Harvesting</li> <li>• Occupancy Control</li> <li>• Task Tuning</li> <li>• Scheduling</li> <li>• Blind and Shade Control</li> </ul>	<ul style="list-style-type: none"> <li>• Ballast-Level Control</li> <li>• Energy Star reports that lighting alone accounts for about 35% of a commercial building's electrical use, making it one of the most significant costs for a facility</li> <li>• Studies supported by the U.S. Dept. of Energy reveal lighting controls can deliver 20%-60% energy savings compared to stand alone systems</li> </ul>
<div>FRIEDRICH</div>	<ul style="list-style-type: none"> <li>• <b>VARIABLE REFRIGERANT PACKAGED HEAT PUMP (VRP)</b> VRF performance and single package simplicity at a significantly lower price</li> <li>• Hospitality, K-12, Multifamily, Senior Living</li> <li>• .7,1T,2T,3T sizes available</li> <li>• Precision inverter technology</li> <li>• Best in Class cooling</li> <li>• True humidity control; optional HGRH coil</li> <li>• Conditioned fresh air</li> <li>• Superior, efficient heating</li> <li>• Better aesthetics, no units on outside/roof</li> <li>• Huge savings on installation costs-less piping, electrical, roof structure</li> </ul>	<ul style="list-style-type: none"> <li>• <b>FRESHIRE PTAC UNIT</b> Fully integrated make-up air with ASHRAE 62.1 compliance</li> <li>• <b>BREEZE</b> Universal Heat Pump</li> <li>• Ductless Split Systems</li> <li>• Residential Ducted</li> <li>• Commercial Ducted</li> <li>• Packaged Terminal</li> <li>• Vertical Packaged AC Units</li> <li>• Room Air Products</li> <li>• Hazardous Environment</li> <li>• Water Heaters</li> </ul>
<div>BLUE RIDGE TECHNOLOGIES™ UNIFIED LIGHTING CONTROL</div>	<ul style="list-style-type: none"> <li>• Unified Lighting Control</li> <li>• Maximize Energy Savings</li> <li>• One Network</li> <li>• One User Interface</li> <li>• One Point of Accountability</li> <li>• Wide Open Integration</li> <li>• Web Based Single User Interface</li> <li>• Profiles For Multiple Users</li> </ul>	<ul style="list-style-type: none"> <li>• Remote Access Via IP</li> <li>• Reduce Redundant Hardware</li> <li>• Leverages Existing Network Infrastructure</li> <li>• Multi-Protocol Support</li> <li>• Share and Trend All Sensor Information</li> </ul>
<div>VERDANT</div>	<ul style="list-style-type: none"> <li>• Maximize Comfort and Savings with industry award-winning Verdant Smart Thermostats</li> <li>• Reduce energy costs, quick payback</li> <li>• Easy installation-wireless plug and play</li> <li>• Unrivaled HVAC compatibility</li> <li>• ESG compliance</li> </ul>	<ul style="list-style-type: none"> <li>• Lifetime customer support</li> <li>• Trusted and installed by thousands of Hotels, Schools, Senior Residences, and other Commercial Properties</li> </ul>
<div>INDEECO</div>	<ul style="list-style-type: none"> <li>• Industry Leading Products</li> <li>• Electric Duct, Cabinet, Unit Heaters</li> <li>• Function Critical Equipment</li> </ul>	<ul style="list-style-type: none"> <li>• Explosion Proof Heaters</li> <li>• Controls</li> </ul>

Some of our manufacturers are market location specific. Please contact us via email at [service@ccsi-se.com](mailto:service@ccsi-se.com) or visit our website at [www.ccsi-se.com](http://www.ccsi-se.com). We appreciate the opportunity to be of service.

Office: 710 Maple Street Birmingham, AL 35210

Office: 205.956.9220
